FLIGHT of the INTRUDER

Return to Vietnam and the 1972 Linebacker campaign in the only flight simulation based on Stephen Coonts' action-packed novel, *Flight of the Intruder*.

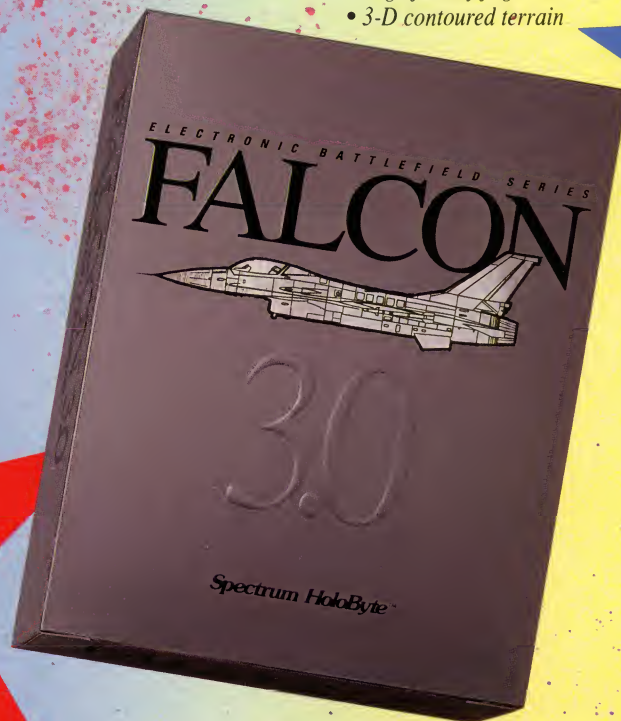

- Combined A-6 Intruder & F-4 Phantom II flight squadron launches from and lands at Yankee Station carrier base
- 36 different missions & 34 targets
- Pilot own plane or serve as Commander Air Group with control of up to 8 aircraft

FALCON 3.0

Picture a complete Top Gun School concentrated on floppy disk— Falcon 3.0™ turns your computer into the most authentic F-16 fighter simulator available. Our award-winning F-16 game has been revised with campaign-oriented missions for the 1990's.

- Lead squadron of pilots
- Accurate military Head Up Displays and avionics
- Multiple skill levels plus head-to-head challenge
- Fly joint missions with Avenger A-10™
- Instant Action Mode
- High fidelity flight model
- 3-D contoured terrain

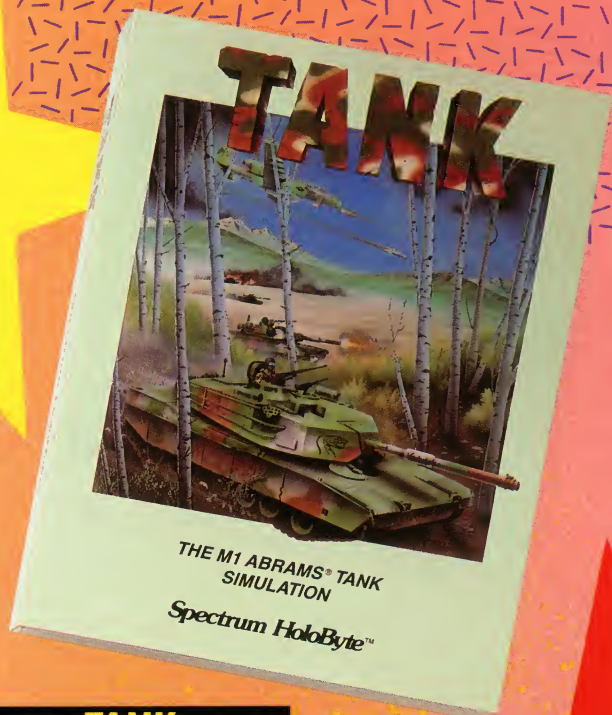

AVENGER A-10

It's BIG, it's BAD, it's *UGLY*! Enemy armored vehicles are no match for your A-10's 30mm, GAU-8 seven-barrel Avenger. Avenger A-10™ links with Falcon 3.0™ for joint missions.

- Simultaneous operation of up to eight A-10s
- Pair two Avenger A-10s for head-to-head challenge or joint missions
- 3-D contoured terrain
- Accurate Head Up Display and wingman perspective
- Multiple campaign missions
- Instant Action Mode
- High fidelity flight model

TANK

It's short, fat and slow, but nothing stands in the way of an M1 Abrams. Only TANK™ lets you command a 16-tank squadron through fifteen crucial combat missions.

- Modeled after US Army's SimNet™ tank simulation
- Theaters of action cover more than 600,000 acres in Fort Knox, Germany or the Middle East
- 3-D solid modeling graphics and real time action
- Head-to-head combat challenge
- Semi-automatic support force includes helicopters, artillery and A-10 aircraft

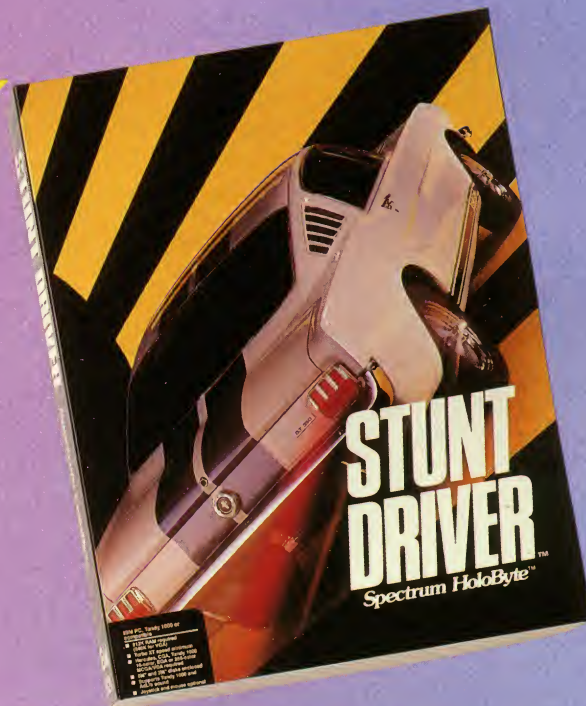

OPERATION: COUNTERSTRIKE & OPERATION: FIREFIGHT

Now that you've graduated from Top Gun School, put your degree to work! Falcon Mission Disks I & II prove your mettle with the most perilous missions you'll ever fly in an F-16.

Both operations feature:

- Campaign orientation
- Twelve action-packed missions
- Deadlier enemies

Mission Disks require original Falcon. Available for Amiga® or Atari® ST™ only.

STUNT DRIVER

Zip up the loop-the-loop, twist through the corkscrew jump, then launch your '66 Shelby Mustang off the ramp. That's just the beginning! Stunt Driver™ pits you against the foul play of three underhanded opponents determined to prevent you from finishing in one piece.

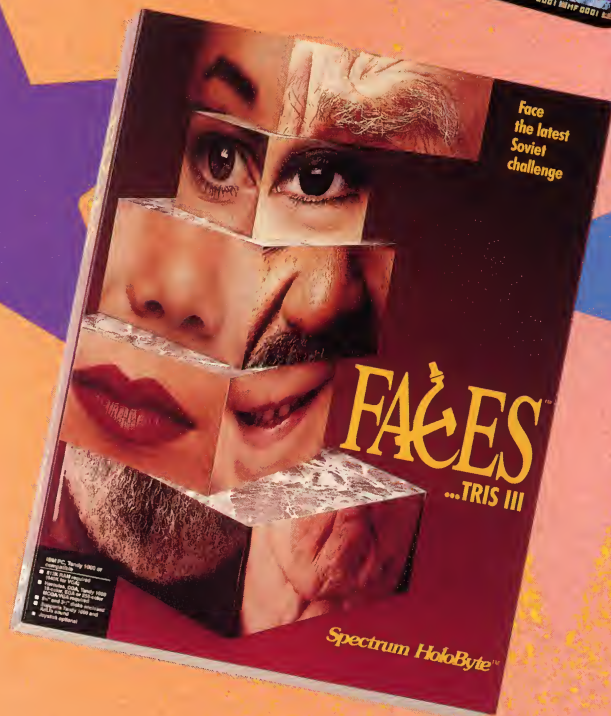

- Configuration editor for customizing game
- Head-to-head option
- Five preset courses plus custom design option
- VCR mode with rewind, fast forward and frame-by-frame view
- True-to-life sound

FACES

You'll meet some pretty interesting people playing Faces™, the third addicting mind-boggler from premier Soviet gamesmith Alexey Pajitnov.

- Ten levels of difficulty with identifying theme music
- Tournament mode for up to ten players or head-to-head option
- 60 colorful faces plus custom design capacity

VETTE!

Steve McQueen never drove like this! Bullitt your Vette!™ through the streets of San Francisco in this action-packed 3-D street race. Just try not to hit the tourists!

- Select race course through authentically mapped streets in present-day San Francisco
- Head-to-head challenge option
- Choice of 4 supercharged Corvette racers & 4 lightning-fast opponents

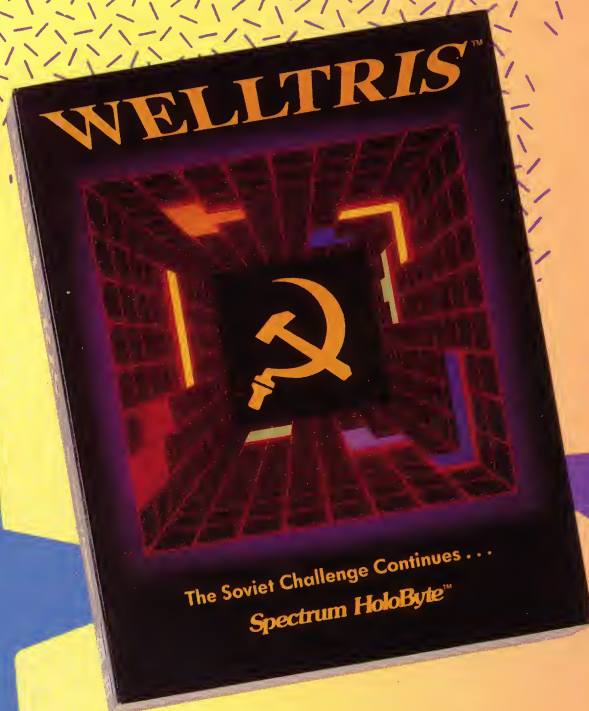

TETRIS

Think playing with blocks is kid's stuff? Try mastering the endless challenges of Tetris™, the first Soviet computer game to conquer the West.

- Ten difficulty levels with five starting heights
- Spectacular Russian background graphics*
- Theme music based on authentic Russian folk tunes**

* Not available for C64
